2019 471 Appeal
BEN: 108481
471: 191042089

Dear FCC,

I'm writing an appeal for a late 471 filing. The reason for my late filing is twofold. This is my second year filing and I mis-remembered/confused the necessity of the 471. Because I'm only filing for Category 1 funding I thought I only had to file the 470. I even asked a colleague about this but he must have misunderstood my question. I was also less diligent this year because my wife was diagnosed with cancer at the end of March and I didn't follow through in my research as closely as I should have. Fortunately I called USAC support today with a different question and was assisted with advice for how to proceed. I completed the 471 immediately and I hope you will accept my appeal.

Sincerely,

A handwritten signature in cursive script, reading "Andrew R. McKee". The signature is written in dark ink and is positioned above the printed name.
